Exempel Google Jamboard 4

The screenshot shows a Google Jamboard interface with a 2x2 grid. Each quadrant contains a yellow sticky note with a name: 'Ana' (top-left), 'Bertil' (top-right), 'Christopher' (bottom-left), and 'Daniela' (bottom-right). The interface includes a top navigation bar with 'Presentation Medlem i facket 1', a search bar, and a 'Dela' button. A vertical toolbar on the left contains various drawing tools.

Exempel Microsoft whiteboard 1

The screenshot shows a Microsoft Whiteboard interface. The main content is handwritten text in red: 'Fia Facklig' with a heart over the 'i', and 'Målare på Måleri AB' in black below it. There are four yellow sticky notes: 'Är medlem i Målareförbundet' (bottom-left), 'Tjänar' (center, above a green dollar sign and a green Euro sign), 'Jobbar 100%' (top-right), and 'Förväntningar på kursen: Att ha kul, lära mig massa' (bottom-right). The interface includes a top navigation bar with 'Whiteboard', a search bar, and a 'Dela' button.

Exempel Microsoft whiteboard 2

The image shows a Microsoft Whiteboard interface with a red header bar. The header contains the text "Whiteboard" on the left, a toolbar with drawing tools (eraser, pencil, highlighter, marker, eraser, lasso) in the center, and "Start" and "Open in app" buttons on the right. The main workspace is a whiteboard divided into a 2x4 grid of cells. The top-left cell contains a hand-drawn diagram with several elements: a stick figure holding a red sign that says "Red", a stick figure with a speech bubble, a bicycle labeled "MC", a box labeled "Facket", and a box labeled "kollektiv avtal". There are also several yellow sticky notes with text, including "saxten", "Data", and "MC". The other cells in the grid contain clusters of yellow sticky notes. The top-right cell has four sticky notes, the middle-left cell has three, and the middle-right cell has three. The bottom row of cells is mostly empty, with only a few sticky notes in the first two cells.
